

**The Next Ten: Celebrating what is happening at Grace Community Church**  
**Sunday, September 13th, 2015**

It is our hope that Grace serves as proof that God wants to be in relationship with His people. We want to be a true signpost of Grace to our community.

*How has Grace Community Church impacted your own spiritual journey and faith story?*

*Where do you see Grace Community Church making an impact currently in Clarksville and Montgomery County?*

As a group read **Ephesians 2:19-22** together. Read it twice-using two different translations, for example once in NIV and another time ESV.

*What building, construction, or architectural language do you see in these verses?*

*Is the author speaking of buildings or people? Or both?*

We will be shaped by these three values: **Biblical Truth, Spiritual Formation and Cultural Renewal.**

*How do you see yourself, your family, and our church relentlessly pursuing these three values?*

**God is calling us to bravely reimagine what is possible in the future. We believe God is calling us to boldly step toward building our first permanent facility here in Clarksville.**

As a group spend time these next few weeks praying together about how we can move this forward. Pray for our city, our church, our pastors, and our families to step forward with courage and financial health as we follow God's plan for our church.
