

JOURNEY TAKEAWAY

Join us this week as we journey through Mark together:

READ *Mark 1:21-34*

What does the word “healing” mean to you? What do you feel when you read about Jesus healing people, casting out demons, and restoring their lives? It can be hard to believe in these kinds of events today. We can never fully be sure if God will act or not - he is God and is far wiser than we are! **But the stories in the Bible call us to risk belief in Jesus.**

REFLECT

If you were to believe that God's power was active today, how would believing this change the way you pray and live your life? Take a few minutes and write down your thoughts.
