

## **Faith, Hope and Love || Love and Money**

### **I Timothy 6:6-10**

The discussion of money in church is usually a “touchy” subject with most people. Even though most people would rather not talk about it especially when it’s the sermon topic but it is important as followers of Christ to have a biblical understanding of money.

- *Why do you think that we as Christians do not like having the conversation about money especially with non-believers?*
- *Money affects all aspect of our lives, how?*

### **Read I Timothy 6:6-10 with your group**

- *What does it mean when the verse says, “the love of money is the root of all evil?”*

The Old Testament paints the picture that money is a blessing from God while the New Testament shows that money can be a burden.

- *Both of the themes from the OT and NT are true but how can they be since they have such different meanings?*
- *Why is it important for us to have a biblical view of money?*

Look up the first two of the ten commandments that God gave in Exodus 20 and read them together as a group.

- *How are these two commandments a road map for us in knowing God?*

Money has the power to disconnect us from having hearts for God. Two things that we need to do daily is *pay attention to our hearts* and to *give sacrificially*. Which of these two things do you need to work on this week? Share with your group and spend time praying for each other.
